

Are Public Computers Open?

Public computers are available **Monday through Saturday from 1:00 – 5:00 p.m.** each day. They will be offered on a **reservation-only** basis in order to accommodate limited stations and staffing hours.

How Do I Reserve a Computer?

Computers are operating on a reservation-only basis. Each patron is **limited to one, 50-minute reservation per day**. Call [your local branch](#) or speak with a Library staff member at any service desk to make a reservation.

Walk-in usage will only be available if there are no reservations scheduled.

All sessions begin at the start of the hour (1:00, 2:00, 3:00, 4:00) and end 10 minutes prior to the next hour in order for staff to adequately sanitize each station.

Can I Use a Library-Owned Laptop within the Branch?

There are no library-owned public laptops available at this time.

Am I able to Print, Scan or Fax Documents?

You can **print up to 25 pages a day** for free. Copying and scanner/fax services are available as a self-service option. Please note that the scanner/fax station will not be sanitized on the same hourly schedule as the computer room. Patrons may use at their own risk and are encouraged to wash their hands after using.

All Delaware Library locations also support [wireless printing](#) and **printing remotely** with Airprint, if users want to send their print needs from home.

Payment through credit card or against a user's account is highly encouraged over cash handling.
